VOLUNTEER AREA DESCRIPTIONS

At VBS our kids visit several stations each day. Each station is staffed by an adult and/or teen leaders. Each station features a different activity each day that reinforces what kids are learning about God. Kids rotate through the other stations with their crews. Kids visit the following stations each day:

Remember this is the EASY VBS, everything is laid out for you—right down to what to say! Anyone can do it!!

Sing & Play Celebration: They get introduced to the Bible Point, key scripture verse and bible memory buddy each day. They sing fun songs and they discuss their god sightings. This leader or leaders would start the day off for our young people!

Bible Adventure: Kids experience the daily bible story in a hands on way. Crew leaders lead small group discussions where kids get to connect their bible experiences with real life as our station leader brings the bible stories to life.

Imagination Station/ Craft: Kids dive into exciting experiments that connect the daily bible story and point. Station leaders lead our students in these exciting experiments and crafts

KidVid Cinema: The daily scripture verse is reinforced as children watch and discuss the inspiring true story featured in each day's video segment.

Red Rock Rec Games: Kids play games that connect with the daily bible point and then discuss the connection with age appropriate questions. Each day there are three game options for our kids to play.

Closing Canyon: Kids watch a special Spotlight VBS slideshow featuring photos of our kids at VBS that day. Kids sing songs and the leader helps kids apply what they have learned throughout the day to their every day life.

Crew Leaders: Lead a small group of students from one activity to the next. These leaders help lead the students in discussion and have lots of fun with them throughout the week.

Photographer: just captures our week in pictures. They will take pictures assemble the daily Spotlight Video (all laid out, just drop the pictures in). They will also take our crew pictures and individual pictures that are used during the week.
